

January 29, 1974

PRESIDENT: The Chair recognizes Senator Syas.

SENATOR SYAS: Well I was just wondering if this substantially changes the bill. I would like to see the amendment in the Journal. It is after noon and I know what happens when we get into hassles on this floor after noon. I am not taking a position on his amendment. Don't get me wrong. But everytime we go after noon, why we poorly legislate, I think because too many people are hungry. I think it should be put in the Journal, and let him make his motion tomorrow, so we can digest what he is doing. And I have always felt that this allowed them to shoot in from the road into a farmer's property. I don't see how you can prevent it. But I don't object to that. I guess. I don't know what I object to. But anyhow I asked him to put the amendments in the Journal so I can see them and the rest of the Senators can see them.

PRESIDENT: Senator DeCamp do you care to respond?

SENATOR DECAMP: The reason we went ahead with this right now is that Vince explained to me that this would save time. Am I right, Vince?

PRESIDENT: The bill came down this morning correctly Engrossed. If you are going to amend it we will try to hold it in E & R for Engrossment and save the printing of it.

SENATOR DECAMP: O.K. Whatever..I'm very receptive to that because possibly some of you others will be contacted by people who have been shot at.

SENATOR SYAS: All right, I'm going to ask that the amendments be put in the Journal so we can see what is going on.

PRESIDENT: Do you object, Senator DeCamp?

SENATOR DECAMP: No objection at all.

PRESIDENT: Anybody object to holding this amendment over and having it printed in the Journal. Any objections. It is so ordered then.

CLERK: Mr. President, I move that we reconsider our action on 104. (Signed) Senator Mahoney. And he wants to lay that over, Mr. President.

PRESIDENT: Thank you. It will be laid over.
